# WHY BHARAT JODO NYAY YATRA?

## Economic Justice

India is battling a jobs crisis in which engineers work as coolies while PhDs apply to be peons. We must ensure that every Indian youth has access to a job that meets their aspirations.

While the PM hands over the nation's assets to his close friends, the poor get poorer and the middle class finds its savings evaporating. We must ensure economic justice and the fundamental right to education, livelihoods and healthcare for all.

Farmers and farm labourers are drowning in debt while the Modi government waives the loans of the wealthy. We must ensure that every farmer gets a fair price and enjoys the fruits of their labour.

India's small businesses are suffering because of the Modi government's support of big monopolies. MSMEs must be encouraged to grow and generate jobs through greater access to credit, technology and infrastructure.

## Social Justice

Despite hollow slogans like "Beti bachao" women continue to be oppressed under the Modi government while their predators go from strength to strength. We must ensure safety and equal opportunity for women in all spheres.

The deprivation and marginalisation of SC, ST and OBC sections continues unabated, and they remain severely under-represented in the institutions of our country. Justice means counting them and measuring the extent of their participation to build a fair society.

The politics of hatred and violence has left an indelible scar on the social fabric of our country and the sense of security amongst minorities. We must promote unity and harmony to preserve the idea of India.

## Political Justice

The Modi government has bulldozed all the institutions that ensure balance and harmony in our nation and society. We must preserve and protect Babasaheb Ambedkar's Constitution which ensures justice, dignity and respect for all Indians.

The BJP has eroded our federal structure, ignoring the wishes of the states and misusing the office of Governor. We must protect our federal structure which safeguards democracy and preserves the cultural, historic and linguistic diversity of our states.

The BJP has starved panchayats and nagarpalikas of resources, choosing instead to centralise authority, placing the people at the whims of unelected officials. We must restore power in the hands of the people by ensuring strong local governments.
